

OEM Products

PRODUCTS

CIRCUIT BREAKERS
DISCONNECTS
CONTACTORS
SAFETY SWITCHES
GP TRANSFORMERS
PANELBOARDS
SWITCHBOARDS
LV & MV SWITCHGEAR
MOTOR CONTROL CENTERS
RELAYS
SUBSTATION
A/Cs & FANS
HEAT EXCHANGERS
CHILLERS
HARMONIC FILTERS
OUTPUT FILTERS
LINE REACTORS
BUSBAR SYSTEM
TIMERS
PHASE MONITORS
LIQUID LEVEL CONTROL

7586 West Jewell Ave, Suite 204
Lakewood, CO 80232

PROTECTION: Air Circuit Breakers, Molded Case Circuit Breakers, Disconnect Switches, Mini Breakers, Surge Protection

CONTROL: Contactors, Relays, MMP's, Pilot Devices, Low Voltage Starters, Wire Duct, Power Supplies

POWER DISTRIBUTION SYSTEMS: UL1558 Switchgear, UL891 Switchboards, UL845 MCCs, UL67 Panelboards, ANSI MV Switchgear (AIS/GIS)

POWER DISTRIBUTION COMPONENTS: Test Switches, Protection Relays, Vacuum Circuit Breakers, Vacuum Contactors, Current-Limiters, Busway, Dry Type Transformers, HD/GD Safety Switches

SUBSTATION EQUIPMENT: MV Vacuum Circuit Breakers, Reclosers, Load Break Switches, Sectionalizers, Fused Cutouts, CTs & PTs

THERMAL MANAGEMENT: Air Conditioners, Air-to-Air & Air-to-Water Heat Exchangers, Filter Fans, Heaters, Thermostats

SIGNALING SOLUTIONS: Stack Lights, Audible & Visual Signaling

HARMONIC MITIGATION: Guaranteed IEEE-519 Compliance, Drive-Applied Passive or Bus-Applied Active Harmonic Filters, Harmonic Studies, Line Reactors

MOTOR PROTECTION: Load Reactors, dv/dt Filters, Sine Wave Filters, EMI Filters, Power Factor Correction

BUSBAR SYSTEM: UL508a Listed, Touch-Safe Power Distribution System for Control Panels, Switchboard and Panelboards up to 6500A

FLEXIBLE BUSBAR: Tin-Plated Copper Laminate Flex-Bus up to 2500A

INDUSTRIAL RELAYS: Time Delay Relays, Liquid Level Controllers, Three-Phase Monitors, Voltage Monitors, Intrinsically Safe Relays, and Alternating Relays for Industrial Control Applications

OEM Products

PRODUCTS

TERMINAL BLOCKS
DISTRIBUTION BLOCKS
SIGNAL CONDITIONERS
TEMPERATURE TRANSMITTERS
SIGNAL ISOLATORS
POLYCARBONATE ENCLOSURES
CUSTOM STAINLESS STEEL ENCLOSURES
STANDARD STAINLESS STEEL ENCLOSURES
STAINLESS STEEL PANELBOARDS
MILD STEEL ENCLOSURES
MODULAR ENCLOSURES
CABLE TRAY
FLEXIBLE CONDUIT
CONDUIT FITTINGS
PVC-COATED CONDUIT
CABLE ENTRY PLATES
CABLE GLANDS
EMC CABLE SHIELDING

7586 West Jewell Ave, Suite 204
Lakewood, CO 80232

TERMINAL BLOCKS: Entrelec Terminal Blocks featuring Screw Clamp, Spring Clamp, IDC & Pluggable Technology, Power Distribution Blocks

NEW TECHNOLOGY: Screwless Jumper Design, Asymmetrical, Common Accessories, Color Options Available

SIGNAL CONDITIONING: Temperature Transmitters, IS Barriers, Communication Enablers / Interfaces, Isolation Relays

FEATURES: Wide Range of Analog and Digital Modules, HART Communications, Agency Approvals Including UL, IEC, IECEx, CSA

NON-METALLIC ENCLOSURES: Polycarbonate Compound, NEMA / UL Listed, F1 UV Protection, High Chemical Resistance, Impact Resistant, -40 deg F to 265 deg F, Custom Stainless and Aluminum Options

ENCLOSURES: Mild Steel, Stainless Steel, Non-Metallic, Wall Mount & Free Standing, Disconnect Type, Modular Cabinets, Consoles, Wire Way, Junction Boxes, Custom Enclosures

CABLE TRAY: Cable Support & Containment Solutions. Basket Tray, Steel, Aluminum, Galvanized Cable Tray

FLEXIBLE CONDUIT : Metallic and Non-Metallic Flexible Conduit Solutions for OEM Material Handling Applications, UL Listed, Hazardous Location

CABLE ENTRY : Systems for cable entry and EMC cable shielding. Their products are used in process and discrete manufacturing, machine tools and packaging machine industries as well as in automation and robotics .
